

Product description

Bicycle rack made with lateral cast iron feet and semicircular-shaped bicycle rack frame in galvanised steel.

Series description

All products in this series feature a smooth and essential design, which enables a wide range of use and easy combinations, regardless of the architectural context. The Salix series matches the Alcor lighting system.

Dimensions

Length

1600 mm [5' 3"]

Width

400 mm [1' 3 3/4"]

Height

225 mm [8 3/4"]

Weight

20.1 kg [44.31 lb]

Measurements in millimetres are rounded to the nearest quarter of the closest inch.

Components

The two cast iron supports have entries for the bicycle rack railing.

The steel railing has six slots for bicycles and is fixed to the lateral supports with four stainless steel M8 screws. The distance between the slots is 170mm [6 3/4"], and the opening for inserting the wheel is 50mm [2"].

Note

The installation distance of the adjacent bicycle rack to the walls must not be less than 200mm [7 3/4"] to allow for the wheel to be inserted correctly into the space.

Materials

- Cast iron UNI EN 1561
- FE 360 steel UNI EN 10219-1

See the specific descriptions on the painting cycles of the materials that make up the product.

Finishes

The standard colours are:

- Neri Grey

Other colours are available upon request.

Installation

See product installation guides.
