

Product description

Bollard made of spheroidal graphite cast iron. Cylindrical base and body with double taper, upper part with rings, for possible fixing of the chain, surmounted by a hemisphere.

Series description

All products in this series feature a smooth and essential design, which enables a wide range of use and easy combinations, regardless of the architectural context. The Salix series matches the Alcor lighting system.

Dimensions

Length

180 mm [7"]

Width

180 mm [7"]

Height

930 mm [3' 2/4"]

Weight

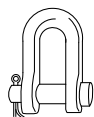

26 kg [57.32 lb]

Measurements in millimetres are rounded to the nearest quarter of the closest inch.

Compatible accessories

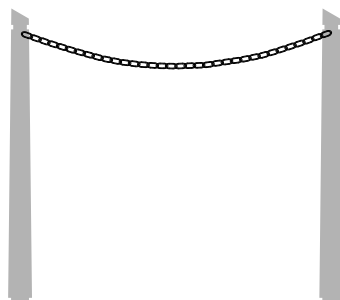

Shackle

9545.033

Chain

9525.411.002

Components

The support is constituted of a cast iron column with a 102mm [4"] base diameter, 55mm [2 1/4"] central diameter and 80mm [3 1/4"] upper diameter.

The element at the base is constituted of a circular part 30mm [1 1/4"] high and a neck mould.

The end component has two rings fused to the column suitable for the chain entry, the extremity is decorated with a spherical cap separated from the column by a small neck mould similar to the one on the base.

Accessories

The bollards can be completed by chain and shackle, carabiner or stirrup.

Materials

- Spheroidal cast iron UNI EN 1563

See the specific descriptions on the painting cycles of the materials that make up the product.

Finishes

The standard colours are:

- Neri Grey

Other colours are available upon request.

Installation

See product installation guides.
