

Product description

Bollard made of a truncated conical tube in hot-dip galvanised steel. Entries for fixing the chain.

Series description

The Carya series is characterised by a conical tube with an angled end element. This aesthetic characteristic defines many of its products: bollard, ashtray, litter bin, clock, notice board and bus shelter. The shape of Carya products matches the Chara lighting system.

Dimensions

Length

96 mm [3 3/4"]

Width

80 mm [3 1/4"]

Height

990 mm [3' 3"]

Weight

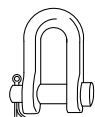

5,6 kg [11.02 lb]

Measurements in millimetres are rounded to the nearest quarter of the closest inch.

Compatible accessories

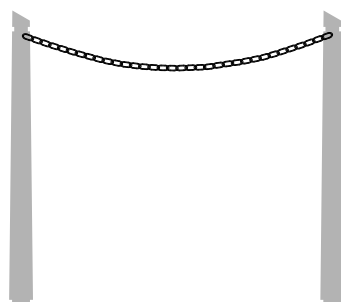

Shackle

9545.033

Chain

9525.411.002

Components

The support is constituted of a truncated conical steel tube (lower diameter: 80mm [3"]; upper diameter: 60mm [2 1/4"]).

The end component is made of steel, with an inclined cut, and is fixed to the top of the support. The upper part has two rings for the chain entry.

Accessories

The bollards can be completed by chain and shackle, carabiner or stirrup.

Materials

- S235J steel UNI EN 10219-1

See the specific descriptions on the painting cycles of the materials that make up the product.

Finishes

The standard colours are:

- Neri Grey

Other colours are available upon request.

Installation

See product installation guides.
