

Product description

Sign composed of a hot-dip galvanised steel post with a circular cross-section with cast iron base component. Suitable for a double-sided panel.

Series description

The Melia series is a combination of classical and modern style, of cast iron and steel. Its functional and essential elements generate a collection of products that can easily fit into different architectural contexts. The shape of the Melia products has been designed to match the Heka lighting system.

Dimensions

Length

430 mm [1' 5"]

Width

150 mm [6"]

Height

2480 mm [8' 1 3/4"]

Weight

21 kg [46.3 lb]

Measurements in millimetres are rounded to the nearest quarter of the closest inch.

Components

The support is constituted of a steel post with a circular cross-section.

The cast iron component at the base is a truncated cone in shape and is formed of four overlapping rings. The component is fixed to the support with three M6 dowels.

The end component is constituted of a steel support for the panel. The support is fixed to the support with a central M12 screw.

The sign is suitable for a panel (not provided) 30mm [1 1/4"] thick measuring 270mm [10 3/4"] x 410mm [1' 4 1/4"].

Materials

- Cast iron UNI EN 1561
- S235J steel UNI EN 10219-1

See the specific descriptions on the painting cycles of the materials that make up the product.

Finishes

The standard colours are:

- Neri Grey
- Other colours are available upon request.

Installation

See product installation guides.
