

#### Canazei (Italy) | Lighting | Custom-made project

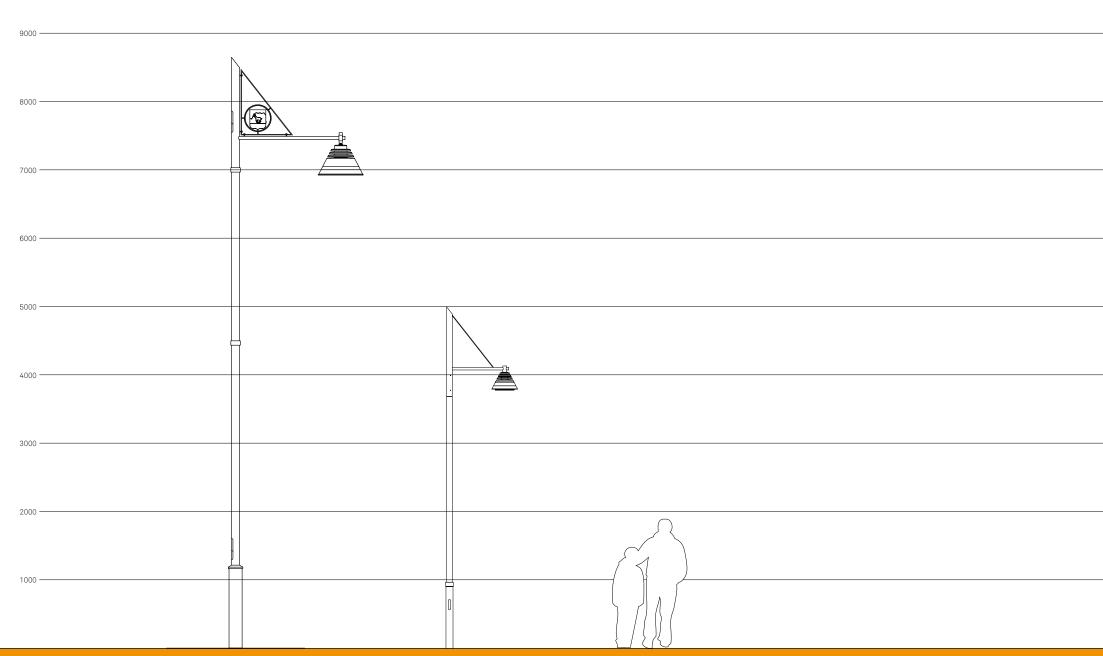

Located at the westernmost point of the Fassa Valley in the Dolomites, Canazei is surrounded by the peaks of Sassolungo, Marmolada and the Sella group. The resort is famous for its winter and summer tourism.

Canazei, situata all'estremità settentrionale della Val di Fassa sulle Dolomiti, è circondata dalle vette del Sassolungo, della Marmolada, e del Gruppo del Sella. È una nota località sia per il turismo invernale che per il turismo estivo.

Based on project by the Gran Studio Villa Triste, Canazei was illuminated with a lamp post designed by architect Pietro Zulian, which was surmounted by a top with a stained glass municipal coat of arms and the upturned cone-shaped luminaire 'Light 24', in two different sizes.

Su progetto del Gran Studio Villa Triste, Canazei è stata illuminata con un lampione disegnato dall'architetto Pietro Zulian, sormontato da una cima con stemma comunale in vetro colorato e dal corpo illuminante Light 24 a forma di cono rovesciato realizzato in due dimensioni diverse. Un progetto custom che Neri ha realizzato appositamente per Canazei.
