Dubai Internet City is an IT and commercial park created by the government of Dubai as a strategic base for companies targeting emerging regional markets in Dubai and the United Arab Emirates. A series of benefits related to ownership, taxation and customs, guaranteed by law for a period of fifty years, have attracted companies such as Facebook, LinkedIn, Google, Dell, Intel, Huawei, Samsung, SAP, Microsoft, IBM, Oracle Corporation, Tata Consultancy, 3M, Sun Microsystems, Cisco, HP, Nokia, Cognizant, Accenture and MicroStrategy. Lang has been chosen to illuminate the great industrial park of Dubai Internet City.
